Condition 1

# Vision

A child wearing a dark blue pilot's cap with goggles and a dark jacket is looking through a blue and gold telescope. The background is a soft-focus landscape with mountains under a hazy sky.

Every child grows up in a safe, stable, nurturing home, enjoys good health, succeeds in school, and goes on in life to become financially self-sufficient.

Organizations that identify and address pervasive mindsets at the outset are four times more likely to succeed in organizational-change efforts than are companies that overlook this stage.
