Yamhill Community Care

Yamhill Community Care (YCCO) was formed in 2012 as a nonprofit coordinated care organization. It is dedicated to managing healthcare for Medicaid members, covered under the Oregon Health Plan, in Yamhill County, as well as parts of Washington and Polk Counties. Beyond healthcare, YCCO is also the Early Learning Hub for Yamhill County, supporting young children and families with essential resources and programs for early childhood development.

YCCO currently serves around 36,000 members. In 2025, YCCO invested more than \$2 million into 15 community-based organizations and initiatives to support population health, education, nutrition, housing, and other social needs.

Our Vision

A unified healthy community that celebrates physical, mental, emotional, spiritual, and social well-being.

Our Mission

Working together to improve the quality of life and health of the Communities we serve by coordinating effective care.

YCCO Member Outcomes

Increasingly Healthy Habits

Participants reported eating vegetables 5x-7x/week:

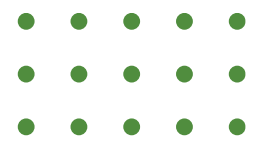

Before	After	Percentage Point Increase
28.6%	57.1%	+28.5%

Fewer Skipped Meals

In the last month, participants reported the frequency that they ate less than they should because they did not have enough money for food:

Before	After	Percentage Point Decrease
52.4% of the time	15.8% of the time	-36.6%

CONNECT OREGON

Established in 2019, Connect Oregon is Oregon's statewide coordinated care network, expanded through a partnership between Oregon's Coordinated Care Organizations (CCOs), the Oregon Health Leadership Council (OHLC), and 211info.

The network enables secure information sharing and closed-loop referrals across healthcare and community organizations, while supporting Oregon's Medicaid 1115 Health-Related Social Needs (HRSN) Waiver through coordinated service delivery and care management.

Our HRSN Partnership

Developing Our Partnership

2019

Yamhill County has been a Nutrition Oregon Campaign Hub since 2019. This group convenes community partners to focus on improving food access and nutrition locally.

2020

YCCO has worked with Unite Us since 2020, and HRSN has greatly impacted the success of the network.

2023

In 2023 YCCO reached out to MOWP after reviewing various partners who might be able to support a Veggie Rx pilot. The pilot began in late 2024 and has served 200 participants, with outcomes demonstrating increased veggie consumption and reduced food insecurity.

2025

In 2025 when HRSN nutrition began, MOWP was YCCO's first nutrition partner for MTM and set up a workflow to receive completed MTM requests.

2026

When the expanded nutrition benefit went live in July 2026, MOWP was a key partner for fruit and veggie benefits.
